[Project No. 14878-000]

FreedomWorks, LLC; Notice of Preliminary Permit Application Accepted For Filing and Soliciting Comments, Motions to Intervene, and Competing Applications

On June 1, 2018, FreedomWorks, LLC, filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Mt. Storm Pumped Storage Hydro Project to be located near Bismarck in Grant County, West Virginia. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of the following: (1) an existing Mt. Storm Lake as an upper reservoir with a surface area of 1,200 acres and a storage capacity of 44,000 acre-feet at a surface elevation of approximately 3,200 feet above mean sea level (msl); (2) as many as two new lower reservoirs with a combined surface area of 690 acres and a combined storage capacity of 12,000 acre-feet at a surface elevation of 2,350 to 2,425 feet msl created through construction of new semi-circular dams and/or dikes; (3) as many as eight new 10,000-foot-long, 4-foot-diameter penstocks connecting the upper reservoir and lower reservoir; (4) two new 300-foot-long, 50-foot-wide, 25-foot-high powerhouses containing four turbine-generator units with a total rated capacity of 1,000 megawatts; (5) a new transmission line connecting the powerhouse to a nearby electric grid interconnection point with options to evaluate multiple grid interconnection locations; and (6) appurtenant facilities. The proposed project would have an annual generation of 4,380,000 megawatt-hours.

Applicant Contact: Tim Williamson, FreedomWorks, LLC, 525 Wren Lane, Harpers Ferry, WV 25425; phone: 267-254-6107.

FERC Contact: Woohee Choi; phone: (202) 369-6324.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426. The first page of any filing should include docket number P-14878-000.

More information about this project, including a copy of the application, can be viewed or printed on the "eLibrary" link of the Commission's website at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P-14878) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: June 20, 2018.

Kimberly D. Bose,
Secretary.
